Tribute from Shelly Povaschuk-Brake

Relation: Schoolmates

I'm very saddened to learn of Connie's passing and send deepest condolences to all who loved her. Connie and I graduated from high school together and I'll always remember her spunk. I hadn't seen her in years and was happy to run into her a few years back at no Frills. She was very open about her struggles and was proud of herself for getting her life back on track for the sake of her children & family. Connie was a sweet person and I pray that now she can rest peacefully.

Tribute from Jalayne

Hey sis…as you'd always say
This has been absolutely heartbreaking, and something I will never, ever get over. I know you loved everybody with your whole heart, especially me. I'm so sorry I couldn't have been there more for you, believe me we all tried. It's okay now, please be at peace and happy up there watching over all of us. I've been seeing your signs of 1:11 so please don't stop sending them rest easy knowing we have things looked after down here. Send our love to everyone up there for us, and see you on the other side. We will have a dance party in your honour

You made an impact in life…. Your loss is profound. Condolences too your family. I have known Connie at various periods of our lives…. But we met many years ago in High school. We were friends right off the hop! I have good memories of her … she was always so much fun! We reconnected a couple years ago…. Again…. She was living life fancy free.
