Bakerview Community Crematorium & Celebration Centre Staff send our condolences to family and friends.

### **Tribute from Sandra Goold**

Relation: Friend of her daughter Donna

I had the pleasure of spending time with Mrs. Aldred at a number of family gatherings, and every conversation was filled with her warmth and a good many chuckles as she shared the comings and goings of her family. There was never any question about how deeply she loved her family or how deeply she was loved in return. I will miss her presence.

### **Tribute from Christine Wojtowich**

Dear Aunt Fern- I loved our chats of Scotland and when you went there you felt you were at home. Our chat of never voting for a Campbell still makes me proud! I will carry on the tradition for our Scottish legacy.

When I was pregnant we were chatting and I mentioned some tarts my grandparents used to make ( my grandpa, Stu, your brother). The next thing I know is I get a tinfoil of homemade tarts from you with the recipe- they flew all the way down to California from BC, with a humble note from you that you hoped you got it right. Yes, mam, you sure did. I enjoyed every one of those gems and the love that went into them.

We met later in my life, well both our lives, and I wish we had had more chats. I love you and we share a love of cats- an unbreakable bond. You told me how much you enjoyed that pink fleece blanket I sent you for a Christmas present and I couldn't have given it to a lovelier lady!

Thinking of you and all your people up in BC who are missing you now. Say hi to my grandpa and our clan from me. Much love, Chris
