Tribute from Rick Dobrow

Relation: Pharmacy Classmate

Ian & family, I was very shocked to hear of Joanne's illness and passing. She was such an enthusiast person going back to our Pharmacy college days, and then she seemed much the same when I worked with her and others in helping organizing the Pharmacy Class 50 Year Reunion last year. I want to extend my condolences to you, your son & daughter and their families, I know she will be missed very much by them.

Dear Ian,

I feel a profound sadness for you and your family! Joanne was such a special person and she will leave a void in the lives of her family and friends. As you know, we were roommates in 1967-68 and have kept in touch through the years. I appreciated Joanne's joie de vie, her ready laugh, her generosity and her love of her family. Thank you for keeping in touch with me through Carol O'Bryne. I send my heartfelt sympathy and love to you and your family!

Ian, Scott and Meghan

My heart goes out to you with my deepest sympathies. Joanne was a dear friend and I will miss her. She was our Pharmacy Social Director even up to our Class of '68 Pharmacy Reunion last year! I shall always remember her laugh and her ability to get all of us out to every pharmacy social event. If there is a blessing, Joanne did not suffer and lived life to the fullest right up until this year. I shall cherish all the precious memories I have of our times together and phone calls. I will miss her Christmas letters that sometimes arrived in July! Just wrap yourselves in all the loving memories you have of Joanne and may they bring you comfort now and in the years to come. She always lived life to the fullest.

Tribute from Heather Friedel

Relation: Pharmacy classmate

We were so saddened to hear of Joanne's passing. At least she was able to attend the wedding and did not suffer at the end. We will always remember her as the bright, cheerful, energetic person she was.

Tribute from George Stuart

Relation: Pharmacy friend

Joanne and I grew up in the early years in neighbouring towns in Saskatchewan. I lived in Cupar and Joanne lived next door in Dysart. We also realized that we shared a Stuart/Stewart name...with just a slight change in the spelling. Years later at university in the College of Pharmacy, Joanne would call me her brother. She found the "fun" in life. And wherever Joanne was she brought genuine kindness and lots of laughter to every project and conversation. I enjoyed many social functions with Joanne - curling, building floats for a parade and socializing at dances. I am so very happy that we had time to visit and reconnect with our classmates at the 50th Reunion last May. It was a very special weekend. Sending deepest condolences to Ian, Scott, Meghan and families.

Tribute from Carol Heatherington

Relation: Pharmacy classmate

So sorry to hear of Joanne's passing. My deepest condolences to you Ian and the family. Her infectious laugh and boundless energy are going to be missed by so many. I'm so thankful that I was able to have a good visit with Joanne at our Pharmacy reunion.

Tribute from Ron Noyes

Relation: Classmate & Friend

To Ian, Scott & Meghan, I got to know Joanne better after graduation, we both got jobs in Regina, our families visited in Delta several times, & Joanne & I would get together when she came to REGINA to visit her sister. Joanne would always bring pictures of her trips where she would be visiting our classmates, it was a great time to catch up on all the news. She had a zest for life and a smile on her face. Yes, her Christmas letters came a little late often late Jan. or Feb., but they came & we really enjoyed them again catching up. Joanne was a beautiful person, we will miss her, Love, Ron & Sandy

Tribute from Gary and Betty Groves

Betty and I wish to extend our sincere condolences to you Ian and your family.

I am sure that each of us that has known Joanne has a special memory we can share about her. Spending time with her and other classmates at our 50'th reunion was special. Joanne with her infectious laugh and zest or life, made 50 years evaporate in minutes. But, for me the most special memory was when Joanne and Ian came to our cabin last summer, had coffee and talked. Talked about classmates, travels we have done and where to next, children and grandchildren, stuff and possibly dreams yet to come. This was a special memory for Betty and I.

Adelle, in her book about times with her mother, writes something like this, " I try to keep my special memories in a safe space, so the older "me" will remember and smile." Ian and family, I know that those memories you now hold close to your heart will someday, also bring a smile, just as they do with us.

She was a great lady and a great friend.

Gary and Betty
