Tribute from Cameron & Pamela Stewart

Although you are gone, you will live on in your children & their children. Your stories, songs, whistling, & sense of humour---all of it has been passed down. You will never be far from the thoughts and hearts of those who loved you. Nobody will forget you Roy, you made sure of that. One of the best men I had the pleasure to know and I know Pam feels the same. We send our love to the family.

Tribute from Frank and Lana

Frank and I both were so fortunate to have had the privilege to know Roy Kittles. There are many things that come to my mind when I think of Roy. Luongo what can I say about Lou we would phone each other during hockey games to share our frustrations about his play, although Roys language was a little more colorful than mine. Robbie Burns day and haggis I hope I splet that right. Jokes via e-mail he had a special sense of humor and an affection for a particular part of the womans body. I loved when he called me lass, we will miss you Roy and the world is not nearly as bright. Also thank you for all of my dhalias over the years I will chrish them even more. Much Love Frank and Lana

Tribute from Helen & Fraser Mann

It's often said of people that there will never be anyone else like them, because after them they broke the mould, but this was more true of Roy than anyone we have known. He was the most loyal friend with a sense of humour that refused to be extinguished even in times of severe pain and illness. Having known Roy for over sixty years there was never a dull moment in his company and we were proud to have him as our friend. To Frances and all the family our deepest sympathy. From Helen & Fraser Mann Perth Scotland

Tribute from Sheila Evelyn May Wilk

Roy,

you've been part of my life since secondary school. Frances, you and I were part of the same happy crowd spending many happy days together in our youth.

Understanding life's family challenges and the need to secure our future we all patiently achieved our qualifications.

I know this released you to achieve your ultimate ambition to marry my sister. Having you as part of our family is a bond that Mum, Dad and I treasure.

From then until today is too short a history. Paul and I thought there was a lot of future in us all together with you, Frances and your special family.

Although we will all miss the presence of the special person that you are, we know you will always be

waiting for a conversation with wise words and humour in our dreams!

Sheila and Paul.

Tribute from Heather Summers

My cousin Roy was a very special person. We grew up together and ever since I can remember, we have communicated by trading affectionate insults. He was better at it than me!
He called me BUP as apparently he couldn't pronounce my name when he was a wee tot, and the name stuck. His sense of humour was legendary and he was one of the kindest persons I know. Roy will leave a space that no one else can fill. My love to Frances and the family
Heather (BUP)

Tribute from Carol and Nello Cataldo

Fran, our deepest condolences, our prayers and thoughts are with you, Catriona, Eilidh and Kyle.

Fran, so sorry for your loss. Roy was the teacher in my life that really made a difference. There is no one that can fill his boots. May you find peace in your memories of him. Liz Cunningham
