REMEMBERING

Vernon William Eckstein

December 3, 1958 - February 22, 2016

I’ve said it before and ill say it again F*** YOU CANCER! Today that rotten disease took another soldier, but this one was special, our very own Captain America, Superman and Great Guy all rolled into one! He was an incredible Husband to my Sister, The best Dad to my two nieces and a wonderful caring grandfather to Hunter! Anyone that knew him Loved him, how could you not? This man would give the shirt off his back if you needed it! He was selfless, humble, caring, and probably, no DEFINITELY the most wonderful human on the planet! I've known him for about 30 yrs every ounce of his being was designed to make others happy, you never saw him without a smile on his face, he took me in when I had no place to go, he loved his family, he cared for everyone! If I could be a tenth the man he was I would consider myself blessed! You will be missed Vernon Eckstein, you will be sorely missed by all. Rest in peace my brother, I Love You! Vern you Fought hard to the end, you deserve so much more, more time, more time to love, more time to laugh, more time to live.

Goodbye Vern R.I.P
